8. The Monastic Law

Shines as an Expert in the Monastic Law (4th)

“Mendicants, a mendicant with seven qualities shines as an expert in the monastic law. What seven? They know what is an offense. They know what is not an offense. They know what is a light offense. They know what is a heavy offense. They recollect their many kinds of past lives, with features and details. With clairvoyance that is purified and superhuman, they understand how sentient beings pass on according to their deeds. They realize the undefiled freedom of heart and freedom by wisdom, and live having realized it with their own insight in this very life due to the ending of defilements. A mendicant with these seven qualities shines as an expert in the monastic law.”
